Dan

I believe Region 8 plans to use the same number for tomorrow's call.

If you could please invite the people that should be involved in your region as well as the State of NM folks please. I am only aware of our regional water contact has been speaking with Angela Restivo (214.316.2129) from your office and someone in Public Affairs as well. I would appreciate you inviting them as well.

We would like to provide a status update as we currently know and discuss having a call with San Juan County, NM health department.

Thank you!
